THE NO DIG INDIA SHOW 2019

- Trenchless Technology methods are becoming some of most preferred construction methodologies in underground utility industry as they are capable of assisting sustainable development. Underground space is a finite resource and needs to be utilized in ways that meet present societal needs without reducing the ability of future generations. Unregulated or uncontrolled construction practices lead to unsustainable usage of this space and should not be practiced.
- Trenchless technology, by virtue of its state-of-art nature, has the capabilities to provide the much needed sustainability quotient to the subsurface construction and management process. The only need is to ensure that the practicing trenchless technologists are empowered enough to be able to accrue the most out of these techniques and deliver most optimum and sustainable solutions to underground construction challenges. No Dig India Show 2019 (NDIS 2019) is aimed to discuss core issues where Trenchless Technology can provide sustainable solutions for underground space, a most vital asset for any smart city and smart society. NDIS 2019 shall be organized on 11th & 12th December 2019 at Aerocity, New Delhi, India.
- Main objectives of NDIS 2019 include following:
 - ♦ Releasing the new approved techniques list with respective deliverables & related guidelines.
 - ♦ Releasing Codes of Practice Suited to Indian Conditions revised edition of some of the remaining Trenchless Techniques as approved by the Code Committee.
 - ♦ Revising & releasing commercial framework for trenchless applications.
 - ♦ Revising & releasing trenchless project linked guidelines.
 - ♦ Providing inputs about newer trenchless construction methodologies to stakeholders.
 - ♦ Drawing a road map for conducting City Level Trenchless events to assist ingress of Trenchless Technology in Government missions in association with city based stakeholders.

CONFERENCE

Discussion Topics

DAY 1

- ♦ Trenchless Technology Standardization
- ♦ Subsurface Utility Investigation & Mapping
- ♦ Trenchless Project Design
- ♦ Development of New Subsurface Infrastructure

DAY 2

- ♦ Smart & Sustainable Cities Utility Network
- ♦ Rehabilitation & Replacement of Aging Subsurface Utility Network
- ♦ Drilling Fluids
- ♦ Waste Management & Mud Recycling

CPD Credit Hours

The show is approved by Engineering Council of India (ECI) for award of 32 Continued Professional Development Hours, to the registered event delegates who participate in complete event duration.

Certification

Upon successful participation & clearing the test, the participant would be awarded two certifications, CPD Hour Credit certificates & IndSTT trade Skill Certificate on TTO 1.1

VISITOR PROFILE

✦ Mayors

✦ Municipal Commissioners and City Managers

✦ Consultants to Municipal Corporations

✦ Military Engineering Services

✦ Public Works Departments

✦ Public Health Engineering Departments

✦ Telecommunications and IT Industry

✦ Drilling Tools Traders & Exporters

✦ Municipal and Government Contractors and Suppliers

✦ Smart Cities Consultants

✦ Municipal Water Authorities

✦ Water and Waste Water Consultants and Experts

✦ Technology Providers and Vendors

✦ Town Planners and Engineers

✦ Construction and Infrastructure Developers

✦ Buried pipeline condition assessor

✦ Development Banks and Financial Institutions

✦ Utility Surveyors

✦ Pipeline Installation Contractors & Engineering Organization

✦ Highway, railway, river and cross country pipeline contractors & engineers

✦ Engineering Students & Faculties

✦ Media/Press

EXHIBITOR PROFILE

Horizontal Directional Drilling

Manufacturers and suppliers of Horizontal Directional Drilling machine, accessories & tools.

Microtunneling, Pipe Jacking & TBM

Manufacturers and suppliers of Microtunneling, and other subsurface utility machinery.

Drilling Fluids, Waste Management & Recycling

Suppliers of Bentonite and other drilling fluids, solids control equipment, and the mud recycling system.

Drilling & Cutting Tools

Manufacturers and suppliers of drilling tools for HDD, Pipe Bursting, Muling, Microtunneling Industry.

HDD Locating Tools

Manufacturers and suppliers of HDD locating tools.

GRP, FRP, Liner, Resin, HDPE & Interplastic

Manufacturers and suppliers of utility pipes of various composite and grades.

Buried Utility Survey, Mapping & Inspection

Manufacturers and suppliers of GPS, CCTV and other buried utility surveying and mapping techniques and service provider of pipeline condition assessment services.

PARTICIPATION PACKAGE

EXHIBITION

	NATIONAL	INTERNATIONAL
INDST Member	Rs. 10,000* / sqm	USD 350* / sqm
Non Member	Rs. 12,000* / sqm	USD 400* / sqm

CONFERENCE

	NATIONAL	INTERNATIONAL
INDSTT Member	Rs. 5,000*	US\$ 330*
Non-Member	Rs. 8,000*	US\$ 380*
Student	Rs. 2,500*	US\$ 250*

PARTNERSHIP OPPORTUNITIES

Principal Partner	Rs. 10 Lakhs* / US\$ 16,000*
Main Partner	Rs. 5 Lakhs* / US\$ 10,000*
Associate Partner	Rs. 3 Lakhs* / US\$ 5,000*

27 SQM Area, 20 Complimentary Delegate, Color Advertisement etc.
18 SQM Area, 10 Complimentary Delegate, Color Advertisement etc.
9 SQM Area, 05 Complimentary Delegate, Color Advertisement etc.

*18% GST extra
